

## *Let's Get Real! - What you really need to know about staying safe online.*

Susan's secondary school student sessions are delivered with clarity and humour and will challenge students to stop and think about what they do online and what the consequences might be for them not only today, but for the rest of their lives. After a few minutes, Susan has even the most challenging audience listening intently as she recounts her extensive experience in this space, from her first report of cyberbullying in 1994 to her training with the FBI, her visits to Facebook & Instagram's HQ & her work with elite sports clubs and other organisations. One, two or three year levels can be in the same presentation if a suitable venue is available. The theme of this 90min or double period session is Respect and Responsibility. Schools love Susan's ability to connect with her audience and tell it like it is. Students respond to the clear way Susan presents which leaves them with no doubt about what they need to do to stay safe online. She speaks to the students not at them. No one else can connect with students like she does!

***This age appropriate & interactive session for secondary students includes discussion, a vibrant power point presentation and is supported by videos and Susan's real-life experiences. Time for Q's is included at the end of the session & Susan will chat privately to students who may need advice about a sensitive issue. Topics covered include:-***

- ❖ **The Facts** - What do you need to know about cyberspace to make good online decisions. Fact V Fiction - Reality V Perception.
- ❖ **Digital Reputation** – How what you do online now and what you post will have an impact on your future opportunities. What do people look for and how to make your digital reputation and digital footprint as positive as possible.
- ❖ **Cyberbullying** - What is cyberbullying and how/when does it occur. The impact on the victim, and what we can do if we see it. How/where to report if it is happening to us. Laws and Legislation - cyberbullying is a crime & Police can be involved?
- ❖ **Grooming and online child sex offenders** - How offenders find us online and what they might ask us to do. We look at online child sexual predators, where they hangout and how to avoid. What is online grooming and what does it look like.
- ❖ **Sending/asking for nudes** - Sending, receiving & possessing naked or sexually explicit images. What are the real consequences for under 18's, pressure to conform and legal considerations.
- ❖ **Sextortion** – What it looks like and how and where to report.
- ❖ **Consent and the law**
- ❖ **Time for discussion and Q's.**
